

Restaurant Billing

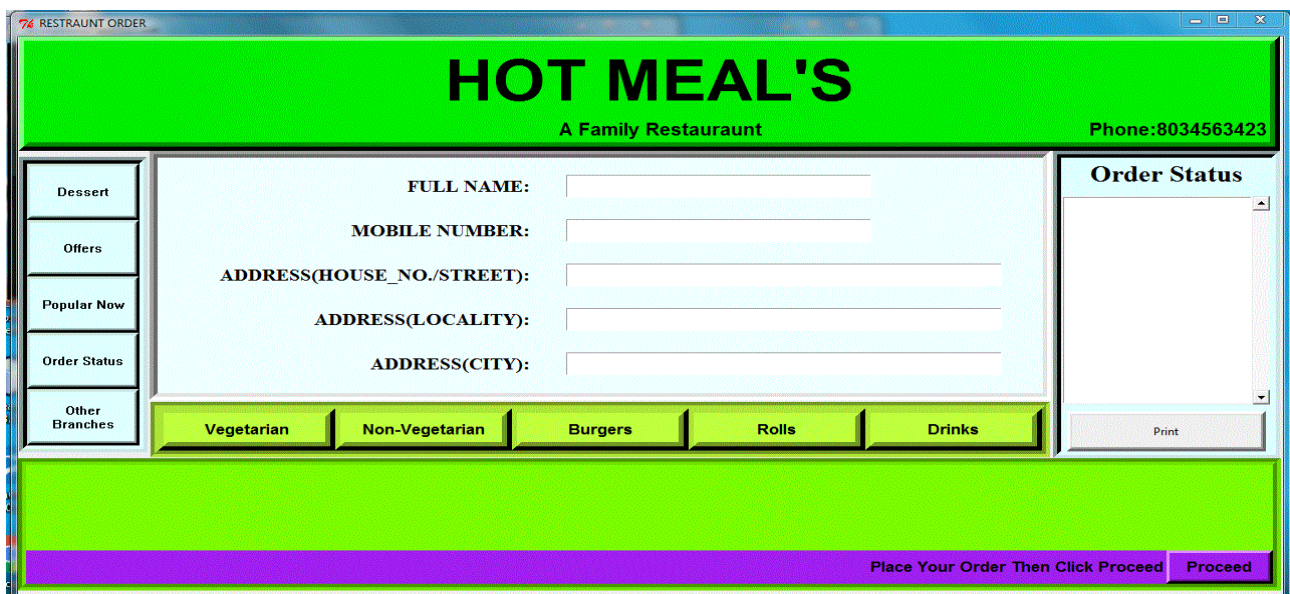

This project is made by using the Tkinter libraries only.

The project starts by starting the flash.py file.

It contains project Name, Developed by, Developer Number, and Email id of the developer .

Following this flash file will be the main Window that will look like the following:

At the top there is the heading of the project(Restaurant Name and mob. no.).

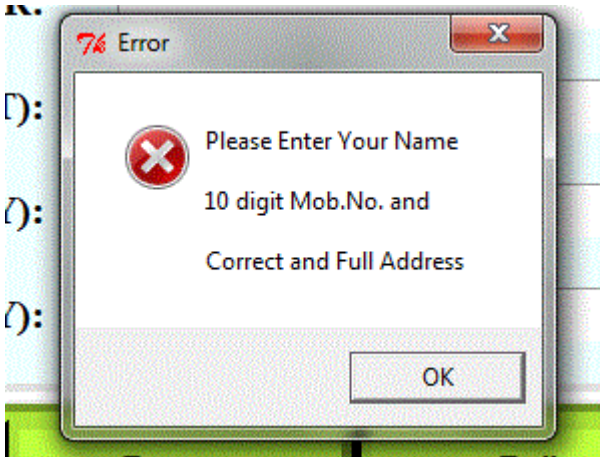

In the center the user have to give their details, they are : full name,mob. no. and their address.

Once the user details in the middle are all filled, the proceed button is clicked and their order is recorded the all the details in the database.

If the proceed button is pressed without all the details of the user a message box is generated that tells the user to enter their details correctly.

Restaurant Billing

Then below the user details window are the different categories namely Vegetarian, Non-Vegetarian, Burgers, Rolls, Drinks.

On the left side of the screen there are 5 buttons:
The first one is:

Dessert Button

On clicking this button a new root window pops up. It has the all the dessert types available. The selection is made using the checkbuttons for different dessert types.

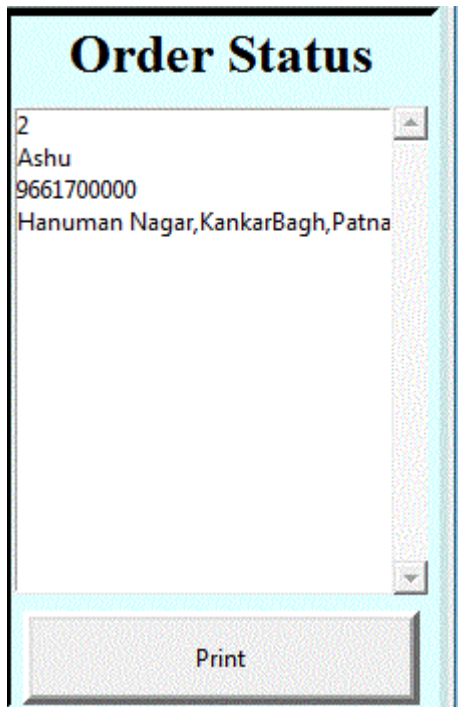

After the selections are made from dessert window "OK" button is pressed that closes this window.

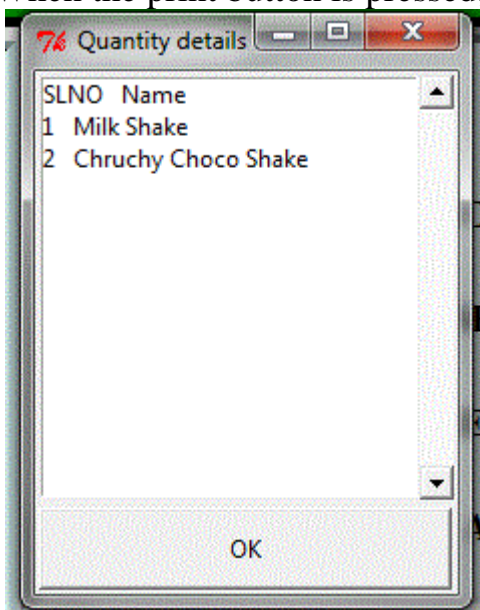

Restaurant Billing

The other 4 buttons here, donot work at time of writing this documentation.

On the left hand side there is a listbox with the scrollbar which keeps track of the customers details who placed the order along with their order number displayed at the top.

When the print button is pressed, the items selected by user are printed in the Listbox.

Restaurant Billing

When the Vegetarian sub menu is clicked, a window pops up containing all the veg items available.

Other Branches	Vegetarian	Non-Vegetarian	Burgers	Rolls	Drinks	Print
Menu		Menu		Menu		
Price(F/H)		Price(F/H)		Price(F/H)		
Chapati	<input type="checkbox"/> S(Simple) <input type="checkbox"/> 10(Butter)	Pulao Tadka	<input type="checkbox"/> 250 <input type="checkbox"/> 135	Shahi Paneer	<input type="checkbox"/> 260 <input type="checkbox"/> 140	
Kadai Paneer	<input type="checkbox"/> 200 <input type="checkbox"/> 110	Fried Rice	<input type="checkbox"/> 180 <input type="checkbox"/> 100	Mutter Paneer	<input type="checkbox"/> 120 <input type="checkbox"/> 70	
Paneer Butter Masala	<input type="checkbox"/> 230 <input type="checkbox"/> 125	Veg Biryani	<input type="checkbox"/> 300 <input type="checkbox"/> 160	Paneer Masala	<input type="checkbox"/> 230 <input type="checkbox"/> 125	
Place Your Order Then Click Proceed						Proceed

User can select the items by using checkboxes.

The bottommost layer contains the message and the price of the selected items.

Menu	Price	Menu	Price	Menu	Price
Coca Cola(150 ml)	<input checked="" type="checkbox"/> 40	Cold Coffee	<input type="checkbox"/> 50	Lassi	<input type="checkbox"/> 20
Milk Shake	<input checked="" type="checkbox"/> 40	Mango Shake	<input type="checkbox"/> 40	Lemonade	<input type="checkbox"/> 30
Chruchy Choco Shake	<input checked="" type="checkbox"/> 60	Hot Coffee	<input type="checkbox"/> 20	Smoothy	<input type="checkbox"/> 60
					Total: 140

Menu	Price	Menu	Price	Menu	Price
Coca Cola(150 ml)	<input type="checkbox"/> 40	Cold Coffee	<input type="checkbox"/> 50	Lassi	<input type="checkbox"/> 20
Milk Shake	<input checked="" type="checkbox"/> 40	Mango Shake	<input type="checkbox"/> 40	Lemonade	<input type="checkbox"/> 30
Chruchy Choco Shake	<input checked="" type="checkbox"/> 60	Hot Coffee	<input type="checkbox"/> 20	Smoothy	<input type="checkbox"/> 60
					Total: 100
					Proceed

The price increases and decreases on the selecting and deselecting the items respectively as shown above.

Thank you.
